Arab Academy for Science, Technology & Maritime Transport

February 14, 2025 / Alexandria-Egypt

## To Whom It May Concern,

On behalf of Arab Academy for Science, Technology, and Maritime Transport (AASTMT), I am pleased to provide this letter of recommendation for Smart Leap Education Research Consultancy GmbH. Our collaboration with Smart Leap has played a significant role in advancing our maritime education, AI-based learning solutions, and international research initiatives.

AASTMT is a leading academic institution in the Middle East and North Africa, offering programs in maritime transport, engineering, business, and technology. As a center of excellence for maritime education, we constantly seek to integrate innovative, digital, and AI-driven solutions into our curriculum.

Smart Leap provided high-level consultancy in the following areas:

- **AI-Powered Maritime HE Training Programs:** Smart Leap assisted in developing and optimizing AI-based interactive training simulations, improving our maritime safety and navigation courses.
- **Capacity Building for Digital Education:** Their strategic planning and training programs helped us enhance e-learning methodologies, making them more adaptive and scalable.
- **International Research & Funding Success:** With their expertise, we secured grants for digital transformation initiatives, aligning our programs with EU and UN maritime education standards.

With their support, we have successfully implemented AI-driven education models, expanded digital learning accessibility, and secured funding for next-generation research in maritime innovation.

We highly recommend Smart Leap as a trusted partner in AI-driven education, capacity building, and digital transformation.

If any further information is required, please do not hesitate to contact me.

Sincerely,

**Prof. Ahmed Khalifa Mehanna.**
